JUDD WINNER OF CASTLE CUP

Defeated Baldwin Yesterday On Beretania Courts Three Straight Sets.

In three straight sets, 6-3, 6-4, 6-2, L. M. Judd won the Castle Cup tennis finals yesterday afternoon on Beretania courts, the handicap of half-fifteen which he was allowed being too much to go against Sam Baldwin, who was his opponent.

From the start Judd played a steady, consistent game, taking the first game in each set and then piling up others until he was the winner. Although Baldwin's playing was the more brilliant of the two men, the steady work of Judd counted most, and when the end was reached there were those among the spectators who maintained that the winner would have won out had he had no handicap to help him.

It was good tennis to watch, and there was a large number of fans on the lawn of the clubhouse, including several ladies, who followed the games with interest.

Time after time Baldwin's eye for the side lines was bad, and he returned balls out of bounds, and then he would swish into the net on his returns.

In the fourth game which Judd won in the third set on Baldwin's serve, he made a double fault which put Judd the winner of the game.

Judd served doubles at various times, but at no time when it was a critical point in the game, and the only time Baldwin could put a ball over that he could not return was when he drove far over on Judd's right side or else right at his feet on the back line. Every place else Judd could get them back without difficulty.

There were long rallies at times, and the playing from the first was such as to occupy the full attention of the spectators, although neither man had much speed either to his serve or return.

Many a time Baldwin had a high one sent to him that he could have killed near the back line without trouble, but he always returned it easily and within reach of his opponent most of the time.

For real tennis every moment of the play, the match between Buttolph and Baldwin was far ahead of that yesterday between Judd and Baldwin in the finals.

Buttolph did some of the finest playing in his returns, and his service was much stronger than that of Judd yesterday.

At times Baldwin would rally and for a couple of games play some first-class tennis, but soon he would drop back and fail to negotiate the net on his serve, or something equally as bad.

The two players arrived at the grounds in Baldwin's Hummobile and they returned to town afterward in the car.

Neither of the sets played was a dance set, and as the men were much faster on their feet and lost no time between games or serves, the match went off quickly, being finished in less than an hour from its opening.

Baldwin had the serve when the match opened, and took the first game, his opponent taking the second, third, fourth and fifth before Sam got another one. Then Judd took one, Sam took one, and Judd took the next game, which gave him the set, 6-3.

The second set was a repetition of the first except that Baldwin took one more game in his total before Judd captured the set, and then in the third he took two games, these being the first and fourth, while his opponent won out.

The games were won in the following order:

First set—

Baldwin 1 1 1 1 2 2 3

Judd 0 1 2 3 4 5 6

Second set—

Baldwin 1 1 2 2 3 4 4

Judd 0 1 2 3 4 4 5 6

Third set—

Baldwin 1 1 2 2 2 2 2

Judd 0 1 2 3 4 5 6

The social season in yacht circles is now on, for the Myrtle dance will be held at the Seaside this evening, when all the boys will be present with their fair ones, and then tomorrow evening the Hobbans will hold their smoker at the clubhouse. That is starting things off with a vengeance, and the good work will be kept up through the season.

Aula Park will be the scene of some great baseball when the six teams now lined up get into the game for the series which will start within a month. There will be one service team, it is reported, and Chinese, Japanese and Portuguese outfits also in the series.

There is some good ball among the school leagues, and any old fan would enjoy seeing the youngsters on the diamond and the way they put them over.

Judd is the winner of the first Castle Cup, and should be fortunate enough to win again next year, it will be his property.

You tennis fans, just think of seeing Larned on the courts in Honolulu! Doesn't that sound good?

Baseball—Waialea vs. Waialea at Waialea.

W. A. LARNED AND OTHERS MAY STOP

American Team On Way to Davis Cup Play in Australia Might Tarry.

There seems a good chance that Larned, Long, Bundy and McLoughlin, the tennis team which is to go to Australia to play for the Davis Cup, may be seen on the local courts on their way south, and the fans here will have a chance to see champion material in action.

Beals Wright is now on the Coast, but he is not making the trip to Australia this time, so he will not be among those who may be seen here.

At Castle and other tennis men are working for the tennis men to come this way, sailing from San Francisco to Honolulu and catching the Canadian-Australian liner here, instead of going direct from Vancouver by the steamer.

Had Beals Wright been in the party going south, there would have been no question but they would stay over here for a week or more to try out the Honolulu courts, and it is thought that even as it is there is a good chance of these crack players being seen in action here. On their return from Kangaroo Land last year, Long and McLoughlin made a stay of a few days here and did some play on the local courts. They were beaten one set at that time by Roth and Gee, the result being 6-3, 6-4.

Three of the men on the team come from the West, Larned, the champion, alone being an Easterner.

It is the plan of the tennis men here to get the players to stay over at least two weeks, so that they can be seen on the Beretania and other courts of the city, and should this be arranged, the fans from all over Oahu and the other islands would have the chance of their lives to see champions in action.

Larned has held the United States championship in singles for several years, winning first in 1901, and holding the title in 1902, winning it again in 1907 and holding it every year until the present.

Bundy first came into notice last year, and Long and McLoughlin have been before the tennis world for several years as prominent players and holders of titles.

These men will enter the Davis Cup tournament in Australia, representing the United States, and their work there will be watched with interest by fans all over the United States.

Baseball again Sunday, and there is sure to be a big crowd of fans at Athletic Park to see the games of the day. Oahu League is promising some of the best ball ever seen in Honolulu for this season.

The handicappers were a little off when they allowed L. M. Judd half-fifteen in the Castle Cup tournament. His playing warrants a scratch mark, and the finals would have resulted the same had he been playing scratch, probably the Oahu aggregation of ball-throwers.

CAMPING TRIP FOR BOY SCOUTS

Inter-Island and South Seas Excursions Are Boosted.

The Los Angeles-Honolulu steamship line and the boys' camp on Molokai were thoroughly boosted at the meeting of the Hands-Around-the-Pacific Club yesterday afternoon.

A full report on the prospects of the Los Angeles project will be submitted and taken up at a special meeting, and in the meantime Secretary W. A. Bryan will busy himself pushing the matter forward.

Boy Scout Move.

James A. Wilder was present to talk over his plan for reorganizing the Boy Scout movement.

Mr. Bryan reported that the Civic Federation had discussed the project of a boys' summer camp on Molokai, Wednesday, and that he had spent the morning making further arrangements.

He had seen the principals of all the schools, secured figures, written to Mr. Conrad of Molokai, and was ready to announce that a month's camp would cost each member about \$50. Mr. Wilder stated that he would gladly accompany the boys and train them in scouting, as he learned its principles from Sir Baden-Powell. The Trail and Mountain Club and possibly the Outrigger Club will next take up the plan and carry it forward a step, it being the idea of the Public Service Association that any good plan begun by one organization in the field be boosted along in turn by all the others.

Percy Hunter Coming.

The New South Wales delegate reported that Percy Hunter will pass through Honolulu on May 23. Governor Frear will cable Hunter an invitation to be the guest of the Hands-Around-the-Pacific at a luncheon meeting. Governor Frear being honorary president and Hunter honorary vice-president of the organization.

A suggestion from the Civic Federation that the allied organizations working together use the general term of "Public Service Association" to set under, was unanimously adopted.

Island Excursion.

The three-dollar excursion by the Nevan to Maui, May 27, was reported an assured success, as nearly all of the one hundred tickets have already been subscribed and paid for.

A. H. Ford stated that he had just had a talk with the manager of the Inter-Island company with regard to an excursion of the Mauna Kea, Kaimukama, Day, and the Sunday preceding, to Kaula and Maui.

The Hands-Around-the-Pacific Club heartily endorsed this proposed cruise and passed a resolution requesting the Trail and Mountain Club to also give it hearty support, as well as the general public.

South Sea Cruise.

The matter of around the Pacific dollars a day cruises was brought up, as well as the proposed two and a half dollars a day cruises to the South Seas. It was decided to pass over the correspondence on this subject in the possession of the Territorial Transportation Committee to Professor W. A. Bryan, with a request that he continue it to a successful conclusion.

The Oahus are out for victory today. They will have Bill Inman in the box, and if he is in danger, the Hitchcock brothers will take a turn. As usual, the Saints will have G. Dunn in the box and Fassett to stop 'em behind the bat. This afternoon the Saints will put their strongest men on the field, and hope to take the Oahus into their camp. Lineup will be: Chinito, cf.; Tsunao, lf.; Markham, 3b.; Franco, 2b.; Asahi, ss.; Fassett, c.; Ahaha, 1b.; Watson, rf.; Dunn, p.

According to reports, Ginger Mayne will not be included in the test case about swimming in the harbor. Bert Lightfoot being the most anxious to be shown and willing to be the goat in the matter. Ginger had just returned from the mainland the day before and went into the water for a couple of minutes only after doing some work at the bathhouse.

June 11 at Athletic Park is the date upon which Charles Barron says he has arranged for Soldier King and Con Hubbenette to run fifteen miles against each other. Hubbenette is on the Honolulu, but will leave the ship when it returns here, and get into shape for the race.

The soccer trip of the Honolulu team to Maui has been abandoned on account of the players there being unable to get away from their work to be on the ground to play early enough so the Honolulu men could return on the Mikahala, leaving at 5 in the afternoon.

If those mainland champions stay over here on their way to Australia, the tennis fans will have a chance to see some play of the real variety. Honolulu would be a good place for them to break the journey and get into hard shape again before proceeding southward.

There will be a game this afternoon between the St. Louis College nine and the Oahu aggregation of ball-throwers.
